

Organizational Endowment Funds

Wyoming/West Wyoming Little League Endowment Fund

This endowment fund, established by then President Eileen Cipriani and Lisa Minelli under the mentorship of Charles ("Rusty") Flack, was created to maintain and refurbish the fields and facilities of the Wyoming/West Wyoming Little League fields, now and into the future. According to Bill Petrucci, current president of the Little League, "Without The Luzerne Foundation and matching funds from friends and donors to help build this endowment, we could not have proceeded with major improvements to the fields and facilities that translate into happy milestones for many future generations of young Little Leaguers."
